

December Advisor Update

MEMBERSHIP

Many chapters have yet to enroll any members. Only those students that have been enrolled in HOSA through the membership portal will be able to register for conference

COMPETITIVE EVENTS

Each registered members is allowed to compete in three events of any combination. Make sure that you encourage students to try something new and out of their comfort zone.

ONLINE TESTING

It is important that students know if their event has an online testing section and if so, they complete the test during the online testing window.

PROCTORS

Have your proctors identified before you being registering members. Remember, Advisors cannot serve as proctors. Students in the same event, need to test at the same time to protect the integrity of the test.

HOTELS

This year, SLC hotel reservations will be made through the Washington HOSA office. The hotel form will be posted next week. The form will indicate what type of rooms needed and specific student assignment in those rooms. Washington HOSA will verify registrations then send it to the hotel to complete and send you confirmation. The DoubleTree Hotel in Spokane is the Headquarter hotel. When this hotel is full, we will begin filling alternative hotels that are within a couple of blocks. Conference registration must be completed before hotel rooms will be reserved. This new system was put in place to help ensure that everyone is staying in a conference hotel close by to the convention center.

ADVISOR ASSIGNMENTS

As you all know, it takes a lot of people to successfully run SLC for the 1,600 people we are planning on. Therefore, each advisor will be given an event assignment at SLC. If you have judged in the past or are interested in judging an event that you don't have any students competing in, we would love for you to sign up to judge. Those that don't sign up to judge, will be given other event assignments. We appreciate everyone's willingness to help and your positive contribution to making this a successful conference.

SLC COMMITTEE

If you are interested in serving as a "junior" committee member, we would love to have you. This involves supporting and helping current members while learning the job. Our committee has competitive events, judges, workshops, exhibitors/sponsors, and registration/tabulation focus for the committee. If you would be interested in helping, please contact me.

As we get closer to SLC, please make sure that you read advisor updates.
